OUR HISTORY

Eminabadi Barfi & Bakers stands as a testament to the power of resilience, vision, and unwavering dedication, emerging as Pakistan's premier name in sweets and bakery products. With a network spanning over 60 branches across 32 cities, the brand has become synonymous with quality and tradition, providing a taste that unites people across the country. Founded in 2016 by Mian Sajid Hussain and his two brothers, Mian Asif and Hafiz Abid Hussain, Eminabadi Barfi was born out of a simple yet profound vision: to offer traditional sweets made with uncompromising purity and an adherence to the highest manufacturing standards. What began as a single line of sweets soon grew in scale, capturing the hearts of its customers and winning a devoted following. The Hussain brothers' dedication was unrelenting—they toiled day and night to turn their dreams into a reality, bringing artisanal craftsmanship to each product they created. Year after year, Eminabadi Barfi expanded, earning its place as a beloved household name and a leader in the industry.

In 2024, the brand evolved further, becoming Eminabadi Barfi & Bakers, transforming all its sweets outlets into comprehensive sweets and bakery hubs. This rebranding marked a new chapter, diversifying the company's offerings to include a rich assortment of bakery items, all while retaining the original essence of quality that customers had come to trust. Today, Eminabadi Barfi & Bakers not only holds a prominent position in the sweets and bakery industry but also serves as an emblem of entrepreneurial spirit in Pakistan. The brand's journey from a single sweet shop to a nationwide powerhouse is a remarkable story of grit, innovation, and the pursuit of excellence.
